

Magnet Failure Form

Bad Magnet information:

Location of Bad magnet _____

Serial Number of Bad magnet _____

[Toe Tag](#) attached to failed magnet ? Yes ___ No ___.

Reason for failure of Bad magnet:

Spare Magnet verification information:

1) Spare with SN# _____

Location of spare _____

Inductance = _____ mH@ _____ Hz

Resistance of Bus-Case = _____ ohms (measured at 1KV)

Resistance of Bus-Beam pipe = _____ ohms (Measured at 1KV)

Visual inspection of beam pipe _____

Signature: _____ Date _____

(Main Injector Department)
