

Study of device protection masks. AW

For all the following, the colors were inverted—in order to have a white background.

```
Console Classes
9j?*9j?(9j?KπPbar
MCR                FSWriteOk
RemoteMCR          Development
CHL                Collider
MCRcrewChief       Linac
DZero              Booster
CDF                MainInjector
WebUser            Switchyard
Minimal            Tevatron
Operations          NuMI
KTev               MiniBooNE
AccelPrgmmer       Meson
RF                 Frig
Proton             RPC
CentralOther       RemoteSet
CentralServ        Manager
```

On index page, command “Display Index by Class” shows this, for “wehmann” account

```

For device E:NDMAG, the above is what is displayed on page D80, Summary, Protection Mask

Console Classes	
	Pbar
MCR	FSWriteOk
RemoteMCR	Development
CHL	Collider
MCR CrewChief	Linac
DZero	Booster
CDF	MainInjector
WebUser	Switchyard
Minimal	Tevatron
Operations	NuMI
KTev	MiniBooNE
AccelPrgmmer	Meson
RF	Frig
Proton	RPC
CentralOther	RemoteSet
CentralServ	Manager

The above is for E:HV101

Console Classes	
	Pbar
MCR	FSWriteOk
RemoteMCR	Development
CHL	Collider
MCR CrewChief	Linac
DZero	Booster
CDF	MainInjector
WebUser	Switchyard
Minimal	Tevatron
Operations	NuMI
KTev	MiniBooNE
AccelPrgmmer	Meson
RF	Frig
Proton	RPC
CentralOther	RemoteSet
CentralServ	Manager

The above is for E:VT121
